FRIDAY EVE., AUG. 16, 1927.

Town Booming.

West Newton Times-Sun. With a million gallon water system well on its way to completion, a well organized fire company in view and a Council that is stepping forward with equipment, it seems that the "pink slip" will have to go. This is an event that has long been looked forward to by the business section of our town. The fire record that has occurred in the last ten years have demonstrated its necessity. Though we have been able to prevent the spread of the flames at various times with only a volunteer brigade, the prospect of extinguishing the flames before much damage is done is more promising. The Council are purchasing a good line of hose. They have already purchased a hook and ladder outfit from Mt. Pleasant. The old "cooper kettle" is to be put in good condition. Now that the good thing is well under way, let it receive the encouragement and support of the town people.

A Hopeless Task.

Altona Tribune. The Democratic newspapers are engaged in a quite hopeless task when they try to prejudice the rank and file of the people of Pennsylvania against John O. Shantz, Republican candidate for State Treasurer, on the untenable ground that he stands for the same things that the men who are accused of robbing the State stood for. The truth is that Mr. Shantz has always been a stalwart Republican with sincere convictions and a consistently honest record. That record shows that he spoke words of truth and sobriety the other day when he declared that, under his charge the State treasury would be honestly administered and that he would do all in his power to drag the thieves into the light of publicity and promote their punishment. All sorts of Republicans are thoroughly satisfied with their candidate and will give him hearty support.

Anti-Spitting Ordinance.

Notices that were posted some time ago calling attention to the ordinance for spitting on the sidewalks has been having good effect. There is a decided improvement in the condition of the sidewalks by the mere notice of the ordinance and the enforcement will bring about a clean condition. The people of town are trying to break themselves of the

habit of spitting on the walks and are doing well in the effort. Some will, possibly, forget and will need a reminder, while others will not care and will need the fine to make them care.

Needs Moral Support.

Waynesburg Messenger. The Farmers and Drivers Bank Directors, we believe, have so far met all the Government requirements looking toward the reopening of the institution for business. They raised the necessary two hundred thousand dollars required by the department for the protection of depositors. In case the bank resumes business, and we believe their bond has already been accepted.

This is getting along promisingly, but there is much yet to be done, in which those struggling for the reopening, should have the earnest aid of every one who has the welfare of the community at heart.

HELD FOR COURT.

Fayette County Painters Get Themselves In Trouble.

Before Judge Knitz, John Elliot and George Lowder of Uniontown were held to answer at court charges preferred by several people, growing out of trouble at Hecla a few days ago, when Kurtz is alleged to have pointed a gun in the face of Sergeant Lohmiller of the State Police. The title could not give bail and were remanded for court.

Missing Blacksmith Home.

Jefferson Stacey, the Dearth blacksmith who was reported missing, is back home at Dearth, Pa. He says he was just away on a little business trip.

Rooster Crowed Too Early.

Dr. J. W. McKean of Washington, Pa., was fined \$2.50 for owning a rooster that crowed so early in the morning it awakened all the neighbors.

TO BUILD PARSONAGE.

Scottdale Methodists Consider One for Jacobs Creek Charge.

COMMITTEE IS APPOINTED.

Fayette County Sunday School Association Will Meet in Connellsville on Thursday Next—A Good Year is Promised.

SCOTSDALE, Aug. 16.—A movement has been started for the building of a parsonage for the Jacobs Creek charge of the Methodist Episcopal church, the first steps being taken this week when C. S. Hixson, James B. Kretz and Charles Knooser were appointed a committee to solicit funds, consider the question of a lot and go into the relative cost of various houses. The project is starting off well, and it is understood that if a sum is raised to show the intentions of the people that strong financial help will be afforded by a prominent and wealthy member of that church. The need of a parsonage is strong and the church property which is held to the south of town is in good condition. The church is the only one at that end of the town, so that it behooves the people to keep it against the early future when Scottsdale shall have built solidly about that locality, something that every indication shows is not far off. Rev. Archibald Auld is the pastor and has been a very successful one. He is working on conservative and solid lines and, while a young man, has had years of excellent training in pastoral work. He now preaches at Alverton, Jacobs Creek, Wesley Chapel and Bryan. That there will be a rearrangement of the points is believed. The step toward building a parsonage should go much toward more solidly uniting Jacobs Creek and Wesley Chapel.

Dorsey & Leonard, who opened the Star moving picture theatre on Pittsburg street, have pleased the amusement loving public by a series of good pictures. They are now showing the celebrated Harry Davis pictures.

Miss Amy Porter, primary superintendent of the Fayette County Sunday School Association, has written out and sent to each of the primary superintendents of the 12 districts suggestions on their duties for the coming year. In this she has the co-operation of an intelligent and enthusiastic group of superintendents which she feels will make the year one of the best that the association has experienced. B. S. Forsythe is President of the organization and the following are the district superintendents: No. 1, Mrs. Maude Sidwell, Point Marion; No. 2, Mrs. Alice McCoy of Connellsville; No. 3, Mrs. Oakley Feather, Smithfield; No. 4, Mrs. Lulu Luce, Fernopolis; No. 5, Rev. D. D. Miller, Masontown; No. 6, Mrs. R. M. Thirkield, Fayette City; No. 7, Miss Reta C. Brier, Uniontown; No. 8, Rev. Mrs. Elizabeth Goll, Farmington; No. 9, Miss Bertha Chank, Ohlerville; No. 10, Miss Grace Cavanaugh, Normalville; No. 11, Mrs. N. R. Lyons, Mt. Pleasant. The next meeting of the association will be held in the Christian Church of Connellsville at two o'clock on the afternoon of Thursday, August 22.

John Nichols, the florist, at 27 Pearl street, has opened a down town saleroom at 122 Broadway. His experience in this business has won him a marked success. He will make up any design or emblem you desire.

District Attorney John F. Wontling, Jr., of Greensburg, stopped off here Thursday afternoon while on his way to Uniontown to transact some business in the Fayette county capital.

Guy Wentzler, chemist at the Scottdale furnace, leaves today for Baltimore and other Southern points to enjoy a well earned vacation.

Hon. Berkey H. Boyd and Attorney T. S. Boyd have gone to Jamestown to visit the Exposition.

Willie Fetter went to Philadelphia on Thursday for a visit with friends.

Last November S. A. Culp opened a first class cafe and confectionery store at 227 Pittsburg street. It is the place to get a well cooked meal or a nice box of candy.

DR. GARVER GOING UP.

Transferred from Pittsburg to Grafton in B. & O. Service.

Dr. Garver, who has been on the staff of the medical examiners of the Baltimore & Ohio railroad, at Pittsburg, has been appointed as assistant to Dr. Charles A. Sinsol, B. & O. medical examiner at Grafton. The work of Dr. Sinsol, who has held his present position for nearly twenty years, has become too much for one man's attention, hence the appointment of an assistant.

Dr. Garver will assume his new duties in Grafton within a few days. He was formerly located in Connellsville.

Tried to Mob Crew.

An attempt was made to mob a crew of a P. V. & C. freight train at Duquesne borough last night when seven year old George Phillips was struck by the train and so badly injured he died a few moments later.

Held a Picnic.

The Uniontown Knights of Malta held a big picnic at Shady Grove yesterday.

WILSON LOCATED.

Boy Who Was With Andrew Lindsay When He Killed Mt. Pleasant Policeman Out West.

MT. PLEASANT, Aug. 16.—Thomas Wilson, who was with Andrew Lindsay when the latter fatally shot Policeman D. H. Peto here in April, 1906, and who disappeared with the alleged young murderer immediately following the tragedy, is said to be out in the State of Washington and very homesick. In fact, anxious to return to his Mt. Pleasant home.

In letters written to his parents recently Tom is credited with saying that he had been sick and confined to a hospital, although now out and at work in a barber shop trying to earn enough to pay debts incurred during his illness. It is thought that his people will forward the money to bring him home at an early date. He says he knows nothing of Lindsay's whereabouts.

While the authorities here have always been anxious to locate Wilson in the hope of thus learning some clue to Lindsay, and could make trouble for the former as an accessory after the fact, it is hardly likely that they would prosecute him, as there was nothing brought out at the coroner's inquest to show that Wilson was a party to the killing, although he was present and ran away with Lindsay.

RESIGNED POSTOFFICE.

J. W. Miner Succeeds Geo. W. Campbell at Normalville.

George W. Campbell is no longer postmaster at Normalville. Owing to a change of residence, he having left Springfield some months ago for the metropolis of the coke region, it was necessary to give up the position which he has held continuously for a good many years.

Mr. Campbell is succeeded by John W. Miner, who was sworn into office yesterday. Mr. Campbell has been postmaster or assistant postmaster at Normalville continuously since 1898, except during the two administrations of Grover Cleveland.

The last assessed valuation of the borough is \$105,595 and the existing debt is \$5,000. The purpose for which said increase is made and bonds are to be issued is to pay existing indebtedness.

It's a Grand, Good Sale.

A sale that is bona fide on its very face—a sale intended to dispose of all the remaining broken lots of this season's furniture, carpets, rugs and household furnishings to make plenty of room for our newly purchased merchandise—a sale that fairly bubbles over with money-saving opportunities—a sale that is sweeping men and women into Connellsville's big quality store.

A third's little newsboy is touring Europe this summer on savings he accumulated while selling papers on the street. Your savings will grow just as fast if deposited in The Citizens National Bank, Pittsburg street.

STRIKERS ARE FIRM.

Situation in Telegraphers' Strike Remains Practically Unchanged.

BOTH SIDES CLAIMING MUCH

Railroads Will Not Compel Operators To Handle Western Union or Postal Business on Their Wires—Telegraph Companies Threaten Suits.

New York, Aug. 16.—There have been no developments of moment in the telegraphers' strike in this city and at nearby points. All sides to the controversy continued optimistic in their public expressions. "The strike is over," declared President Clowry of the Western Union. "It has out just begun," commented Deputy National Chief Percy Thomas of the Commercial Telegraphers' union. Vice President Nally of the Postal Telegraph company, who has before said that the strike was ended so far as the Postal was concerned, declared that his company was doing business practically as before the strike and anticipated no further trouble. Press matter was moved with less in-

venience and this feature of the strike has lost much of its importance.

The Wall street brokers and their operators were eliminated from the contest when last night the local telegraph union met and for the second time tabled a resolution calling upon the operators of the financial district to go out. The strikers continue the picketing in an unobtrusive manner.

Operators Taking It Easy.—Comment that they have the better of the argument with the telegraph companies, the operators are calmly awaiting developments. They believe that they have all the better of the fight to date without having made a full show of their strength. With a general strike on they say that the paralysis of the Postal and Western Union will be complete.

An equally brave front is being maintained by the telegraph companies, which insist that they are handling business in good shape. The actual facts in the case, however, do not bear out the contentions of the western superintendents of the two companies. Close investigations tend to show that all efforts are being concentrated on eastern business out of Chicago. The telegraph companies appear to desire to impress the East with their ability to cope with the situation. Chicago-New York business is moved with a fair degree of speed, but service to the west and southwest of Chicago is almost all concentrated on eastern business out of Chicago.

Arbitration is still indignantly spurned by both sides. It is evident that the fight is going to be a long one and no trifling skirmish. Whether the union or the companies have the better staying qualities will determine the victor. Meanwhile the public is enacting its favorite role of "the innocent bystander."

State Attorney General Jackson has been in New York and is believed to have conferred with officials of the local telegraphers' union. The union men assert that the Western Union Telegraph company is violating the provisions of its charter granted in this state and wish the attorney general to begin action seeking to annul the charter.

Question as to Railroad Men.—The question whether the railroad telegraphers are to be drawn into the strike is undoubtedly the gravest issue just now at stake. The Western Union officials here stick to it that they will insist on compliance by the railroad with the contract requiring railroad operators to handle commercial messages at points where the telegraph companies have no offices of their own.

Some railroad officials say nothing of the kind will be done. The telegraph men say they will sue for damages if the railroads refuse their demands, and the railroad men reply that they are not required to do a commercial business where it interferes with their own.

Eagle Attacks Locomotive.—Near Frank, Cal., a superb American eagle, measuring seven feet from tip to tip, engaged in an unequal battle with a Southern Pacific engine. The eagle held the track until the engine was within a few feet of it. Rising then, with a scream of rage, it swooped fiercely on the locomotive. Its neck was broken. The engineer backed up to get the bird and took it to Yuma.

GENERAL STRIKE CALLED BY SMALL.

Every Commercial Telegrapher in United States Is Ordered Out.

NONE OF CLOWRY'S BUNCOMBE

Labelled "Arbitration" Will Be Accepted by Head of Operators' Union, Who is Willing to Listen to Any Reasonable Proposition of Honest Men.

United Press Telegram, CHICAGO, Aug. 16.—A general strike order issued by President S. J. Small of the Commercial Telegraphers' Union, flashed over the United States at 1 o'clock this morning. It orders all telegraphers employed by commercial telegraph companies, the Associated Press and private wire operators not working under a union contract, to cease work.

The feeling of confidence among the operators is much greater by these orders. It is generally admitted that any action for peace must be taken in New York, where the headquarters of the Western Union and Postal Telegraph Companies are located.

Commissioner of Labor Neill announced today that he would return to Washington and await the result of the present situation.

President Small told the United Press today that his proposition would be accepted by the striking telegraphers to arbitrate. Small declares that the men are not striking for revenge, but for their rights. He is willing, he says, at any time to listen to a proposal from fair and honest men, but will never accept any of President Clowry's buncombe labeled "arbitration."

NEW YORK, Aug. 16.—The telegraphers' strike situation is still in a deadlock here and both sides are claiming a victory. Superintendent Brooks of the eastern district of the Western Union today declared that the strike is over and that his company is handling all business. Both companies are taking messages subject to indefinite delay.

Union men have planned a number of big mass meetings. They claim to be systematically organized and can hold out for months if necessary. Officials say that none of their men are walking out today.

WON IN A WALK.

Types Put It All Over City Clerks in Sharp Contest Yesterday Evening.

Those near champions, the Types, sailed in and didn't do a thing to the City Clerks last night. In five innings they trounced the clerks in the first, winning by the score of 7 to 4. What was said of their playing against the B. & O. Clerks yesterday had its effect, and the boys, finding that pink slips might be distributed, got to work and played real base ball.

The heavy hitting of Gohlright and Fomister was a distinct feature of the game, as was the pitching of Mentzer. Those Types just played rings around the pen pushers and showed unexpected form. If the boys played this well in every game it would be first place for them. It might be here mentioned that the Types are for clearing up everything that comes their way in the future, maybe.

SUES FOR COMMISSION.

John M. Ramage Wants \$1,000 as Result of Property Sale.

UNIONTOWN, Aug. 16.—John M. Ramage has filed suit against Caroline Supper of German township to recover \$1,000 for commission to which he claims he is entitled. About March 23 he was made agent of the defendant to sell the home of her father, near Muscatown, containing 25 acres of land underlaid with coal. He was to receive all over \$25,000. March 25 he found a man to take the property at \$25,000, but the sale was never consummated. The farm was later sold to John Harding and Francis Byrne at a figure which Ramage has been unable to learn. He thinks \$1,000 is a reasonable sum.

BIG BEAR COMING

From Canadian Wilds for Exhibition in Local Store Window. LATROBE, Aug. 16.—The live Teddy bear, brought from Canada by S. T. Shaw of Raymond avenue, is to have another ride on the steam cars, arrangements having been made to send him to Connelville for exhibition in one of the big stores at that place. William Shaw of Connelville is expected on Saturday to escort the Teddy bear to the neighboring town. The bear is growing rapidly and is learning new tricks daily. He eats with a never-failing appetite and his owner is at times hard pressed to find enough food with which to satisfy his voracious hunger.

The bear's principal sustenance consists of bread and vegetables, no meat being given him. He prefers white bread to rye bread, and will only eat the latter when he can't get the former.

RAIN DID IT.

Fats and Leans Game Scheduled for Today Has Been Postponed Until Next Week.

That it should rain today seemed an irony of fate. After the flooding that has been done towards latrine out the local baseball team, the plumbing department of J. Phylus & Company struck this morning and very leaky leaks resulted. The game between the Fats and Leans of town, scheduled for this afternoon, had to be called off. The contestants don't mind furnishing amusement for a big crowd by playing baseball, but they have strenuous objections to swimming around in a mud hole.

Connellsville is scheduled at home every day next week, but efforts will be made to have one game transferred, in order that the Fat and Lean contest may be pulled off. It is a safe bet that President Power will consent to this for he is anxious to have the Orphans remain in the circuit.

BAD WATER.

Superintendent Stillwagon Says It Is Being Remedied As Fast As Possible.

There has been much complaint the past few days of the water supply on the hill district. Nearly everyone says the water has had a kick and a few of them reached as far as this office. Superintendent David Stillwagon of the Connelville Water Company said this afternoon to a reporter for "The Courier": "I know the water is bad. The people have a kick. However, we are doing everything possible within our power to remedy the bad state of the water supply. A mesh at the reservoir broke some days ago and fish and mud got into the pipes. There is only one way to get this sediment and other spurious matter out and that is to flush the pipes, which we are doing night and day. We can't let the pipes up. By flushing the only way to cleanse the pipes. The breaking of the mesh was an accident, that hardly could have been foreseen."

Many residents of the hill have quit drinking the water; in fact it has been unfit for drinking purposes.

A Poem for Today

THE FISHER'S BOY

By Henry D. Thoreau

My life is like a stroll upon the beach. As new the ocean's dip as I can go. My lady steps its waves sometimes overreach; Sometimes I stay to let them overtake.

My sole employment is, and scrupulous care, To place my lady by the reach of tides— Each smoother pebble and each shell more rare Which come kindly to my hand confides.

I have but few companions on the shore; They seem the strand who sail upon the sea. Yet oft I think the ocean they've sailed over Is deeper known upon the strand to me.

The middle sea contains no erosion dulce, Its deeper waves cast up no pearls to view, Along the shore my hand lies on its pulse, And I converse with many a shipwrecked crew.
